Hirschfeld**, **Catherine M. McCully**, **Joseph L. Marinucci**, **Catherine L. Miller**, **Joel C. Miller**, **Janemary G. Rosenson**, and **Beatrice L. Warren**. **Robert W. Many members of the staff of the Geography Division contributed to early drafts of chapters that now appear in the GARM. Staff working under the direction of **Susan B. Hardy** and the late **Alice M. Winterfeld**, former chiefs of the Geographic Areas Branch, produced draft versions of GARM chapters for dissemination to participants in the Census Bureau-sponsored Geographic Areas Conferences held during the 1980s. In particular, we wish to acknowledge the substantial contributions of the late **Gerald R. McManus**, who wrote and reviewed many of these early draft chapters. We dedicate the GARM to his memory, and thank all other Census Bureau staff, too numerous to identify, who contributed to this project in the past.
